## Report - *Legal and Regulatory*

## *Compliance*

---

### **Definition:**

Legal and regulatory compliance means observing all applicable laws and measures put in place by the government, and acting in accordance with them at all times.

### **Example:**

Company A is required to hold and display all applicable certificates and licenses to operate its factory. If Company A fails to acquire all applicable licenses for its factory, it is in breach of regulatory compliance measures.

### **Requirements:**

- You shall comply with all applicable legal and regulatory compliance measures.
