

AJM GROUP

Green Policy

The AJM Group will be conscious of our usage of natural resources, conserving resources wherever possible. We will minimize resource waste and use reusable or recyclable packaging materials. We will minimize our use of non-renewable energy sources and explore renewable energy usage to minimize our impact on the environment. We will seek to implement environmentally friendly practices in all aspects of our business and operations.

In order to ensure our equipment and machines are performing at their best, most resource efficient level, we will adhere to a regular maintenance schedule. We will set efficiency and schedule adherence targets to ensure we achieve and exceed our equipment and machine maintenance goals.

We will follow all appropriate protocols when handling toxic and hazardous materials, including using personal protective equipment to minimize the risk of injury. We will follow all applicable waste disposal laws when disposing of hazardous and toxic waste. We will report any incidents involving toxic and hazardous waste to management immediately.
